1. Introduction to the industrial IoT. The industrial internet of things (IIoT) is an emerging commercial trend that seeks to improve management of the creation, movement and consumption of goods and services.

Avoiding the internet of insecure industrial things

Frostbite occurs when exposure to low temperatures causes freezing of the skin or other tissues. The initial symptom is typically numbness. This may be followed by clumsiness with a white or bluish color to the skin. Swelling or blistering may occur following treatment. The hands, feet, and face are most commonly affected. Complications may include hypothermia or compartment syndrome.

People who have asbestosis, a lung disease caused by asbestos, may develop COPD as a complication. Asbestos is also a known cause of pleural mesothelioma, a cancer that affects the lining of the lungs, and it is not uncommon for mesothelioma patients to also have COPD. According to the U.S. Department of Health and Human Services, about 12 million Americans are diagnosed with COPD each year ...

COPD Caused By Asbestos: Symptoms, Signs & Treatment

The Institute of Food and Agricultural Sciences (IFAS) is an Equal Opportunity Institution authorized to provide research, educational information and other services only to individuals and institutions that function with non-discrimination with respect to race, creed, color, religion, age, disability, sex, sexual orientation, marital status, national origin, political opinions or affiliations.
