Gender inequality: Empowering women - AABRI

The term empowerment refers to measures designed to increase the degree of autonomy and self-determination in people and in communities in order to enable them to represent their interests in a responsible and self-determined way, acting on their own authority. It is the process of becoming stronger and more confident, especially in controlling one's life and claiming one's rights.

About . The postpartum period is a critical time to ensure women and their newborns are healthy. It is important to closely monitor a woman's health during this recovery time especially if she experienced complications during pregnancy or childbirth as over half of maternal deaths occur during the first days, weeks, and months after childbirth.

POST-BIRTH Education Program - Association of Women's

When more women work, economies grow. If women's paid employment rates were raised to the same level as men's, the United States' gross domestic product would be an estimated 9 per cent higher, the Euro-zone would climb by 13 per cent, and Japan would be boosted by 16 per cent.

GENDER EQUALITY AND FOOD SECURITY

Those of us who have the opportunity to be here have the responsibility to speak for those who could not. As an American, I want to speak for those women in my own country, women who are raising children on the minimum wage, women who can't afford health care or child care, women whose lives are threatened by violence, including violence in their own homes.
