DWPP FS-3638 04/2018 This is one in a series of informational fact sheets highlighting OSHA programs, policies or standards. It does not impose any new compliance requirements.

OSHA's Whistleblower Protection Program

Discussion. Research evidence can serve as a critical decision-making tool in partnerships between patients and health professionals. However, as the framework suggests, without patient and consumer engagement in the design, planning, interpretation, and dissemination of research findings, it is unlikely that the broader consumer population will find research evidence useful, much less use it ...

Engaging patients and consumers in research evidence

The success of your project depends largely on how well you are able to engage your community. Community/stakeholder input can help you shape your project vision, ensure you are responding to local needs, and help you to build support for your development ideas.
