Performance based contracting (PBC), also known as performance-based logistics (PBL) or performance-based acquisition, is a product support strategy used to achieve measurable supplier performance. A PBC approach focuses on developing strategic performance metrics and directly relating contracting payment to performance against these metrics. Common metrics include availability, reliability ...

Performance-based contracting - Wikipedia

Chemicals can be found in many of the products we use in our everyday lives. Some chemicals pose risks to humans and the environment. Under the Toxic Substances Control Act (TSCA) and the Pollution Prevention Act, EPA evaluates potential risks from new and existing chemicals and finds ways to prevent or reduce pollution before it gets into the environment.

Chemicals under the Toxic Substances Control Act (TSCA)

of the Permanent Works cannot be within the control of the contractor and thus it is not a risk that could be assessed or against which some preventative measure could be taken.

FIDIC's New Suite of Contracts - Clauses 17 to 19 Risk

Outsourcing is "an agreement in which one company hires another company to be responsible for an existing internal activity." It often involves the contracting of a business process (e.g., payroll processing, claims processing), operational, and/or non-core functions, such as manufacturing, facility management, call center support). The term "outsourcing" came from "outside resourcing" and ...
