An engineering drawing, a type of technical drawing, is used to fully and clearly define requirements for engineered items.. Engineering drawing (the activity) produces engineering drawings (the documents). More than merely the drawing of pictures, it is also a languageâ€”a graphical language that communicates ideas and information from one mind to another.

Today, companies know they must adapt quickly or die. They are increasingly seeking to adapt by using agile principles and practices - but many are still changing too slowly, and can't sustain change. Fortunately, a growing number of enterprises have found a far more effective solution: the Scaled Agile Framework (SAFe).
