Survivor guilt (or survivor's guilt; also called survivor syndrome or survivor's syndrome) is a mental condition that occurs when a person believes they have done something wrong by surviving a traumatic event when others did not, often feeling self-guilt. It may be found among survivors of rape, murder, terrorism, combat, natural disasters, epidemics, among the friends and family of those who ...

Psychological projection is a defence mechanism in which the human ego defends itself against unconscious impulses or qualities (both positive and negative) by denying their existence in themselves while attributing them to others. For example, a person who is habitually rude may constantly accuse other people of being rude. It incorporates blame shifting.
