contracts. To ensure contracts are managed effectively, the government has established policies and procedures for advertising, awarding, administering, and reporting on them. Historically, data systems used to implement these steps have been fragmented and duplicative, with multiple systems across different agencies providing similar services.

### **GAO-12-429, Federal Contracting: Efforts to Consolidate**

2017 DISASTER CONTRACTING . Observations on Federal Contracting for Response and Recovery Efforts . What GAO Found . As of December 31, 2017, 19 federal agencies had entered into contracts and obligated over \$5.6 billion on those contracts to support efforts related to Hurricanes Harvey, Irma, and Maria. The Department of Homeland Security,

across a range of industries and endeavors. However, the adoption of program management in the federal government has been uneven. With the exception of the Department of Defense and some civilian agencies, such as NASA and the Department of Energy, program management capabilities are generally weak, with some pockets of strength.

### **Improving Program Management in the Federal Government**

16, 2003, SBA announced a new procurement program to boost federal contract opportunities for service-disabled veteran-owned small business (SDVOSB) concerns. Under the rule, contracting officers may restrict contract awards to SDVOSBs where there is a reasonable expectation that two or more SDVOSB concerns will submit bids at a fair market price.

### **Directory of Federal Procurement Offices**

Federal Grants vs. Federal Contracts The Federal Government provides research and development funding to the University under a variety of mechanisms. The most common mechanisms are grants and contracts (a.k.a. procurement contracts).
