The Vermont Department of Environmental Conservation's mission is to preserve, enhance, restore and conserve Vermont's natural resources and protect human health for the benefit of this and future generations.

### **Welcome to DEC | Department of Environmental Conservation**

Conservation Agriculture is a farming system that promotes maintenance of a permanent soil cover, minimum soil disturbance (i.e. no tillage), and diversification of plant species. It enhances biodiversity and natural biological processes above and below the ground surface, which contribute to increased water and nutrient use efficiency and to improved and sustained crop production.

In 1979, the Portland City Council founded a nonprofit corporation called Portland Energy Conservation, Inc. to carry out the country's first energy conservation policy.. Over 35 years (and one name change, to the shorter, sweeter PECEI), we have evolved and grown as necessary to help communities across the country identify ways to meet the future and promote growth and independence.
