A gablefront house, also known as a gable front house or front gable house, is a vernacular (or "folk") house type in which the gable is facing the street or entrance side of the house. They were built in large numbers throughout the United States primarily between the early 19th century and 1920. A gablefront cottage is a smaller variant, consisting of either a single story or a story-and-a-half.

Live sound mixing is the blending of multiple sound sources by an audio engineer using a mixing console or software. Sounds that are mixed include those from instruments and voices which are picked up by microphones (for drum kit, lead vocals and acoustic instruments like piano or saxophone and pickups for instruments such as electric bass) and pre-recorded material, such as songs on CD or a ...
