Humour (British English), also known as humor (American English; see spelling differences) is the tendency of experiences to provoke laughter and provide amusement. The term derives from the humoral medicine of the ancient Greeks, which taught that the balance of fluids in the human body, known as humours (Latin: humor, "body fluid"), controlled human health and emotion.

Certain words have been suggested to be inherently funny. Vaudeville tradition holds that words with the letter k are funny. A 2015 study at the University of Alberta suggested that the humor of certain nonsense words can be explained by whether they seem rude, and by the property of entropy â€“ the improbability of certain letters being used together in a word.
