A point of interest, or POI, is a specific point location that someone may find useful or interesting. An example is a point on the Earth representing the location of the Space Needle, or a point on Mars representing the location of the mountain, Olympus Mons. Most consumers use the term when referring to hotels, campsites, fuel stations or any other categories used in modern (automotive ...

The Geopaparazzi manual, updated for version 5.3.0, 2017-02-26. The Quick picture note button, which will launch the camera application that comes with your android system which gives lots of possibilities of customization of the images size, focus and so on. This has one drawback, which is the fact that we are not able to pick the azimuth of the camera shot at the exact moment it is taken.

Community & Discussion. For most questions, it's probably best to submit a post in the forums for widest community visibility and easily writing out the nitty-gritty details of your situational context – for example, including example code and detailing the relevant configuration of your software, firmware, and hardware. Alternatively, real-time chat via IRC is a great way to converse with ...
